MODULA SMART

Nella versione SMART la profondità del mobile è fissa ma l'altezza è personalizzabile con un semplice taglio a 90°. Ante e accessori dovranno essere lavorati e personalizzati secondo le dimensioni del mobile.
In the SMART version, the depth of the cabinet is fixed (580), but the height can be customized with a simple 90° cut. Doors and accessories will need to be worked and customized to fit the cabinet's dimensions.

MODULA DOORS and SHELVES SMART

All'interno del MANUALE TECNICO troverai tutte le indicazioni per la lavorazione dei profili per ante e per i ripiani compatibili con MODULA.
Inside the TECHNICAL MANUAL you will find all the instructions for processing the profiles for doors and shelves compatible with MODULA.
